

# Belly Casting

**Congratulations on your pregnancy. Your baby's first home will be treasured in your Belly Cast Mold.**

Treasure your journey with this special keepsake for you and your family for years to come. You can decorate your baby's nursery or display anywhere in your home as a keepsake of your changing belly.

We offer a private belly casting making session. Once completed you can choose your finishing options to include a fun monthly group painting and finishing workshop.

## **Private Belly Cast Session Preparation and Considerations:**

- It is messy so wear something you don't mind getting ruined
- Shorts or undergarments work well
- Most women prefer to be topless however you are welcome to wear a bra or bathing suit top. Please keep in mind it maybe be ruined
- We have a bathroom with sink but now shower so we recommend you go straight home and shower after the belly cast molding.

Your private belly casting session to make your belly bust to include the belly and bust. You are welcome to bring 1 to 2 guests if you like. Small children are welcome but may interrupt your session and once we start the mold you cannot move around until finished. We have some toys and items but best if you bring what your little one enjoys keeping him or her occupied.

**Basic belly casting** – private session and you leave with your mold

**Shaped Belly Bust** – we will edge, sand, reinforce and shape your belly bust and apply a ribbon for hanging (you must leave your mold) Additional cost for this step

**Painted Belly bust** – Building on the shaping belly bust, we will prepare your belly bust for painting, paint a solid color or gradient one color from our choices and apply a ribbon for hanging (leave mold with us to complete) finished product -additional cost

**Workshops** – You bring your shaped, edged and primed mold to pregnancy treasures to our painting workshop. We have a variety of designs for your belly cast and we have an artist to help you paint your bust step by step. Make it a date night or a girl's night or come alone and join the workshop. Design is chosen for the workshops and you can customize your belly bust with colors and ribbons.

**Customized painting** – Consultation with Artist Required
